Washing Slovevelets. To save your dressees provide yous-self with washing sleevelets to slip over your dress sleeves when you are dusting or doing other bousehold work. The easiest pattern is just a straight pieve of stuff run toether and hea-med at the top and bottom. Into the lemax run clastic. When you find bow quickty the sleevelets become soiled you will realize how much they save your gowns.

When doing drawn thread work frequently the threads are rather diffi-cult to draw. This can be overcome by rubbing hard, dry, yellow soap on the threads to be drawn.

The season end clearance policy of this store is well

known to the people of this city.

With some it is only known through the knowledge gained from our advertisements. With others it is known by gament from our advertisements. With others it is known by settand money asved.

Our jackets and capes go this time. After our bury soiling season a few remain of which our policy demands an immediate destruct.

To do this we marked all Black and Colored Jackets and Capes at:

One-Quarter Off Regular Price

Every Jacket is of this season's most approved STYLE and material. All are marked in plain figures from which you can figure the reductions for yourself. Although the size and price range is complete the quantity is limited enough to warrant your coming at once.

Reduced Dress Lengths

Remnant selling is keeping us busy these days. The low prices on up-to-date goods, in all departments being as usual very attrative.

The Drest Goods section has much to invite inspection.

SUIT, WAIST, SKIRT and DRESS lengths of newest materials in Black and Colored, as Amazou Cloba. Broadclobts, Fanory Tweeds and Zibelines, Sergea Cashmores, etc. In fact odd lengths of nearly every dress material brought foreward by this hast season are here, marked at prices which show little respect for their excellent qualities.

Many represented anothopermanently stylink kind, as fashionable next season as this. These are the kind which go sourset. Each department invites with money saving efferings. Make your virits as soon and often as possible.

NO SECRET.

NO SECRET.

There is no secret about Scott's Emulsion of Cod Liver Oil. The Instell tells knack in making it. The only secret about it is the secret of its success.

This year, when cod liver oil is very scarce and high, all kinds of cheap, inferior oils are used to take its place, oil are used to take its place, oil are used to take its place, oil are used to take its place, and the place of and all sorts of things pre-sented as substitutes. Think of petroleum being taken as a substitute for cod liver oill —too absurd. Think of the so-called wines, extracts and cordials of cod liver oill —they are simply the shadow without the substance; no food value in them. —Scott's Emulsion——"The Old Reliable" is the same yesterday, to-day and forever. The strongest, most appealing, most engaging short story that has come from the hand of this undisputed master of fiction is his contribution,

"The Christmas Peace"

Mr. Page is undoubtedly one of the foremost shortstory writers of the day, and this delightful Christmas tale, in which he has woven the charm and pathos of which he is master, will appeal to hundreds of thousands of readers. This story, beautifully illustrated with drawings by Blendon Campbell, appears in the

"STIFFLED" HEART

Dr. Arnew's Cure for the Heart is the only absolutely unfailing remery known and prescribed by eminent physicians. Its claims of potency are not hereasy or false hope to the sufferer. It is not a sprilt filter to gather you up to the high pinnacia of expectancy only to drop you find a deeper mire of dicases. It gives relief in theiry minutes. A few bottles cure the worst forms of beast realably.

A preacher admonished the men in his congregation not to let their desire for "slippered ease" keep them from church on Sunday morning. A young man went home and inquired for his "slipperedees." His slippers have been known by that name ever since.

SEVEN FROM ONE.

It has been shown that one bottle of Scott's Emulsion is capable of building seven times its weight of solid, healthy flesh.

How is this possible? Recause Scott's Emulsion is one of the richest and most digestible of foods.

Because Scott's Emulsion makes all good food do good. Nothing of value to the body is allowed to go to waste.

Because Scott's Emulsion makes the stomach strong, the appetite keen and the digestion perfect.

Because Scott's Emulsion adds new flesh to the body, puts new blood in the veins and feeds the fires of life called vitality.
